

THE FORUM

By nature we writers are thinkers, talkers, and debaters, as well as artists of the elegant word.

We often find ourselves erupting into formulation, question, research, attitude, idea, philosophy, opinion, or discussion. It is therefore fitting, perhaps even necessity, that we create the “spot” for eruption and inspiration.

What would you like to discuss, present, or respond to?

We anticipate your vibrancy!

To share your ideas or comments on the Forum, email them to tumbleweedtales@yahoo.com.
